

“Rock Hound Tours”

Explore the road less traveled - Do you dream of hidden treasures? Does the perfect get away involve a rock pick and the great outdoors? If the answer is yes to either of these questions you won't want to miss out on Fraser River Safari's Rock Hound Tours.

January-February and March are prime picking times – The best time to explore the river’s gravel bars is when the water is low and thanks to the fully enclosed boat with 5 heaters a less than perfect weather day is not enough to stop the fun. Our crew can take yours to a few remote and hard to access locations and arrange a gourmet pack and carry lunch to top off a fantastic day. 8 passengers required before we can run this tour
