

“Professional Development/Team Building”

We can accommodate groups of any size- There is nothing that compares to getting outside and experiencing all that nature has to offer to improve one’s day. We have helped many a group create a unique and exciting itinerary for their “team” day and we are sure that we can do the same for you whether you have a group of 10 or 100 or anywhere in between.

Let’s start with the river portion- The River tours can range from 60 minutes to 4 hours and can run east or west on the Fraser. Our tours can also include Stave Lake and Harrison Lake. The hardest part of this process is choosing just one option to start. Fraser River Safari also has great partners like Kilby Historic Site where we can arrange private tours and delicious meals or we head down river the Fort Langley Pub for another great meal option.

Now tell us what else interests you? Do you want to include a hike, a paddle or ?? during your adventure? We know many people along the way and can help add value to your experience. We’d also be happy to suggest a great fit for your accommodation needs, whether it is a cultural experience, luxurious log lodge, fancy vacation home or a local hotel. The first step is to contact us and get the planning started.
